SOFTWARE ENGINEER

Full-Stack Development | Mobile Application Development | Creative & Adaptive Thinking

Dynamic and innovative Software Engineer with expertise in full-stack and mobile application development. Demonstrated adaptability and problem-solving skills with proven success in increasing automation by 80%, significantly reducing manual processes and improving efficiency. Proficient in MEAN/MERN stack, Python, Java, and AI/ML integration. Adept at delivering scalable, user-friendly solutions and driving operational improvements.

WORK EXPERIENCE

National Innovation Center, National University of Technology - *Islamabad, Pakistan*   07/2023 - Present
Jr. Lab Engineer

Responsible for developing and maintaining software applications, managing project timelines using Agile methodologies, and integrating new technologies to enhance efficiency and functionality. Ensured high-quality deliverables through client feedback, version control, and effective team collaboration.

- Utilized Agile Scrum methodologies to manage project updates and timelines effectively, ensuring timely delivery and alignment with client requirements.
- Conducted periodic client meetings to gather feedback and refine project deliverables, enhancing client satisfaction and project accuracy.
- Increased efficiency and automation by implementing innovative technologies and optimizing processes, resulting in a significant reduction of manual tasks.
- Leveraged version control systems (GitHub and GitLab) to streamline code management and collaboration, ensuring high-quality and maintainable software solutions.
- Integrated hardware solutions such as RFID and QR scanners with software applications, enhancing functionality and user experience through seamless technology integration.

PROFESSIONAL SKILLS

- Python
- C/C++
- HTML
- CSS
- JavaScript
- TypeScript
- Android Studio (Java/Kotlin)
- Flutter
- MEAN
- MERN
- AI/ML
- Flask
- Django
- Next JS
- MySQL
- MongoDB
- React JS
- Node JS
- Angular JS
- React Native
- Spiff Workflow
- Git
- PHP
- ChatGPT
- Figma

EDUCATION

FAST NUCES (National University of Computer and Emerging Sciences) - *Islamabad, Pakistan*
Bachelor of Science – Computer Science, June 2023
